

Publicity & Credit Line Requirement:

The NJ Historical Commission is committed to providing public funding support so that historical organizations in New Jersey can develop and improve their services. The Commission's funds are limited but through the grant process they make every effort to support a wide and varied list of history agencies that provide New Jersey residents with excellent services.

In order to maintain or sustain this funding resource, it is important that the Commission be able to illustrate to the State officials who make these funds available, the breadth and variety of this support throughout the State. One way of illustrating this is to have each organization that receives funding post a credit line on their printed materials, press releases, online posts, exhibition guides, or any other materials that are associated with a funded project or program.

For this reason all organizations that receive this funding are required to provide a proper credit line on their materials.

Atlantic County Grant Requirements & Agreement:

Atlantic County History organizations that receive a History Grant award are required to have the following statement on all printed materials, press releases, etc. associated with the grant award during the grant period of 1/1/17 to 12/30/17.

"Funding has been made possible in part by the New Jersey Historical Commission, a division of Cultural Affairs within the Department of State, through funds administered by the Atlantic County Office of Cultural & Heritage Affairs"

Organizations are also required to send out their own press releases stating that they have received this grant award, use information from the credit line above and include a brief statement outlining what the award will enable them to accomplish.

Agreement: *We understand and agree to comply with all requirements involving the publicity and crediting of the grant funded project should this organization be awarded.*
